

# We are hiring!!!

## Chemical laboratory technician

ENANTIA is seeking a full time Chemical Laboratory Technician for our Technical Department.

ENANTIA is a CRO company with more than 20 years of experience as a provider of scientific chemical services for the fine chemicals and pharmaceutical industries, specialized in Process Chemistry, Solid Form Development and Medicinal Chemistry. It is located in Barcelona, at the facilities of the Barcelona Science Park, and in Esplugues de Llobregat (Barcelona).

Reporting to the Project Leader, he/she will be responsible for:

- Conducting scientific investigations and experiments
- Planning, setting up and undertaking controlled experiments and trials
- Recording and analyzing data
- Collecting, preparing and analyzing samples
- Ordering and maintaining stock and resources

### Must have:

- Bachelor/Ms. Degree in Chemistry or equivalent
- Intermediate technical English level
- Knowledge of organic compounds characterization techniques
- Organizational skills, attention to detail, good communication abilities and teamwork spirit

### Highly valued:

- Experience of 1 to 3 years in a similar position
- Knowledge of analytical chromatography techniques

Interested candidates please send the CV and cover letter to [careers@enantia.com](mailto:careers@enantia.com)
