2406190961W

DESCRIPTION

Johnson & Johnson is currently seeking a intern to join our Organic & Medicinal Chemistry department located in Toledo.

At Johnson & Johnson, we believe health is everything. Our strength in healthcare innovation empowers us to build a world where complex diseases are prevented, treated, and cured, where treatments are smarter and less invasive, and solutions are personal. Through our expertise in Innovative Medicine and MedTech, we are uniquely positioned to innovate across the full spectrum of healthcare solutions today to deliver the breakthroughs of tomorrow, and profoundly impact health for humanity. Learn more at <https://www.jnj.com/>.

Johnson & Johnson seeks to bring innovative and effective treatments in six therapeutic areas of high unmet medical need. Our medicinal chemistry group focusses on the design, synthesis, and optimization of innovative small molecule therapeutics. We are currently looking for enthusiastic candidates with the following profile:

A master's Degree in synthetic, organic, or medicinal chemistry.

Practical experience in organic chemistry and associated analytical techniques.

Highly motivated and engaged team worker with a passion for hands-on science and desire for continuous learning.

Our Offer:

Team member contributing to a large drug discovery project.

An exciting position in an international and dynamic environment with many learning opportunities in synthetic organic and medicinal chemistry.

Opportunities for acquiring presentation skills explaining personal contributions to project progress.

Apply Now

QUALIFICATIONS

A master's Degree in synthetic, organic, or medicinal chemistry.

Practical experience in organic chemistry and associated analytical techniques.

Highly motivated and engaged team worker with a passion for hands-on science and desire for continuous learning.

English B2.

No experience after completing the Bachelor's Degree.

You Belong at Johnson & Johnson

For more than 130 years, diversity, equity & inclusion (DEI) have been part of our cultural fabric at Johnson & Johnson and woven into how we do business every day. Our commitment to respect the dignity and diversity of all is embedded in our Credo.

We know that the success of our business depends on having the best talent in a workforce that reflects the diverse markets we serve around the world and an inclusive culture that values different perspectives and life experiences.

That is why we in EMEA are working to create an inclusive environment where diverse backgrounds, perspectives and experiences are valued and each and every one of our people feels that they belong and can reach their potential. No matter who they are.

Diversity, Equity & Inclusion at Johnson & Johnson means "You Belong."

Johnson & Johnson Family of Companies are equal opportunity employers, and all qualified applicants will receive consideration for employment without regard to race, colour, religion, sex, sexual orientation, gender identity, genetic information, national origin, protected veteran status, disability status, or any other characteristic protected by law.

At Johnson & Johnson, we're on a mission to change the trajectory of health for humanity. That starts by creating the world's healthiest workforce. Through cutting-edge programs and policies, we empower the physical, mental, emotional and financial health of our employees and the ones they love. As such, depending on location and subject to local legislation, candidates offered employment may be required to show proof of COVID-19 vaccination or, in certain countries, secure an approved accommodation prior to the commencement of employment to support the well-being of our employees, their families and the communities in which we live and work. If you are invited to interview for the position, your recruiter will advise on the vaccine requirement status in your geographic location.
